Welcome to the History of Economics Society (HES) Since its formal establishment in 1974, the History of Economics Society has committed itself to encouraging interest, fostering scholarship, and promoting discussion among scholars and professionals in the field of the history of economics and related disciplines.

The History of Economics Society

Classical economics is widely regarded as the first modern school of economic thought. Its major developers include Adam Smith, Jean-Baptiste Say, David Ricardo, Thomas Malthus and John Stuart Mill. Classical economists claimed that free markets regulate themselves, when free of any intervention. Adam Smith referred to a so-called invisible hand, which will move markets towards their natural equilibrium, without requiring any outside intervention.

The History of Economic Thought Website

The economic history of the world is a record of the economic activities (i.e. the production, distribution and consumption of goods and services) of all humans, spanning both recorded history and evidenced prehistory.

Economic history of the world - Wikipedia

Economic history is the academic study of economies or economic events of the past. Research is conducted using a combination of historical methods, statistical methods and the application of economic theory to historical situations and institutions. The field can encompass a wide variety of topics, including equality, finance, technology, labor, and business. It emphasizes historicizing the economy itself, analyzing it as a dynamic force and attempting to provide insights into ...

Economic history - Wikipedia

The history of economic thought deals with different thinkers and theories in the subject that became political economy and economics, from the ancient world to the present day in the 21st Century. This field encompasses many disparate schools of economic thought. Ancient Greek writers such as the philosopher Aristotle examined

ideas about the art of wealth acquisition, and questioned whether ...

History of economic thought - Wikipedia

Beginning with William Stanley Jevons and Clément Juglar in the 1860s, economists attempted to explain the cycles of frequent, violent shifts in economic activity. A key milestone in this endeavor was the foundation of the U.S. National Bureau of Economic Research by Wesley Mitchell in 1920.

History of macroeconomic thought - Wikipedia

The economic history of the United Kingdom relates the economic development in the British state from the absorption of Wales into the Kingdom of England after 1535 to the modern United Kingdom of Great Britain and Northern Ireland of the early 21st century. Scotland, England, and Wales shared a monarch from 1601 but their economies were run separately until they were unified in the 1707 Act ...

Economic history of the United Kingdom - Wikipedia

A brief history of economics allows us valuable perspective on the nature and methods used in economic reality. It is worthy to note that economics is not merely a monetary reality. Economy by definition encompasses management of affairs and expenses, thrifty use of material resources, efficiency.
