Atlas of World History Animation

The History of World Atlas. To understand our world, we use of maps and cartography. It is believed that the name "Atlas" is a collection of maps, which came from the mythical Greek figure atlas. Legend says that Atlas had to be forced to capture the earth and the sky on their shoulders as a punishment from the gods. His image was often printed with maps on the books and in the end they were known as Atlas.

An Atlas Of World History by Gerald A. Danzer

The History of the Atlas The use of maps and cartography to understand the world has a very long history. It is believed that the name "atlas," meaning a collection of maps, came from the mythological Greek figure Atlas. Legend says that Atlas was forced to hold the earth and the heavens on his shoulders as a punishment from the gods.

An atlas of world history (Map, 1965) [WorldCat.org]

Both an atlas and an encyclopaedia, the Timemap of World History covers all the world's history. The Atlas gives you a panoramic overview of the grand sweep of history. The Encyclopedia provides a wealth of information which lets you dig deeper into civilizations, empires and events.

The Timemap of World History: the online atlas and ...

The Atlas of World History undertakes a fair-minded journey through the human story by mingling close-up looks at events with broader views of what was then happening elsewhere in the world. Each of this book's six sections, arranged chronologically, opens with a world map that shows developments at various points of the compass, along with an essay about what was happening and why.

Atlas - Wikipedia

Oxford's Atlas of World History is the result of years of intensive work by a specialist team of scholars, editors, and cartographers. It presents the story of humanity in its physical setting, from the emergence of the earliest hominoids to the present day. Truly international in scope, the atlas incorporates the latest research into Asian, African, and Central and South American history, as well as the traditional core of North American and European events.

Atlas of World History: Amazon.co.uk: O'Brien, Patrick ...

A solid world atlas, not super easy to get a quick reference, which is good; you have to take a little more time to study the maps and all the information contained. As far as I can tell, the atlas is accurate. Always best to have a paper-and-ink atlas in your home, and since I watch a lot of historical programming on cable tv, and read a lot of history books, an Atlas of World History is extremely useful to have on hand. I'm not signed-on to the Internet all the time, and usually don't feel ...

Atlas of World History: John Haywood: 9781586630997 ...

For that, Atlas of World History works well. Large maps, good index system - and not too much information. The only thing i don't like is it's layout. The colors used for graphical elements are a bit off (white+bright blue+grey), and the fonts are very small (my guess is size 9).

Buy Atlas of World History Book Online at Low Prices in ...

This is the first and only historical atlas to present global history in a series of uniform world maps, so allowing complete and instant comparability between different periods and regions. For example, when did modern humans first colonize different parts of the world? What was happening in China when Alexander the Great conquered the Persian Empire? What was the global reach of the great religious faiths at the time of the European Reformation? Covering the whole of human history from six ...
