Getting It All Together Everyone knows that a shirt has sleeves, pocket, tail, cuffs and collar. Fewer people recognize that an airplane has a fin, rudder, trim tab, and aileron. In each group of items below, choose from among the ones on the right and match them with their components. (In most cases, the things listed on the left represent only part of the components which make up the ...

Getting it all together. Once the kit had been ordered, what about the rest of the timber? The manual gives a very comprehensive cutting list, but you need to decide if you are to do the lugsail version of the Morbic or the sloop version. Being inclined towards simplicity and single-handed sailing, the lugsail version seemed more sensible for me. I worked through the cutting list, and after ...

Getting it all together - Boudicca - building Morbic 12 #82

The two systems evolved together and play complementary roles in the control of behavior. The constant interplay between the two streams is something that can be seen in almost everything we do. A good metaphor for the interaction between the two systems is tele-assistance in which a human operator controls a semi-autonomous robot. The notions of conscious and unconscious vision are discussed.
