You can create fashion with the help of glamour and you can have glamour with the help of fashion. There's a really thin line that differentiates the two, which is the dividing factor between the two genres of photography. This really thin and subtle line is the perception of beauty. Fashion deals with it in outwardly manner whereas glamour is more brooding and inwardly.

Difference Between Glamour and Fashion Photography

Fashion photography highlights the clothes that models wear. The subject of glamour photography is the human body, the beauty, shape, and contours of the human figure, whether presented in a stark nude figure study or in an elabo-rate boudoir setting. Clothes, makeup, lighting, sets, and props may all be employed to enhance the sensuality of a glamour photograph, although none of these is ...
