Amazon.fr - Violence and Social Order: East Anglia 1422 ...

The book examines violence on each side of the law — both in crime and in law enforcement — in order to uncover the attitudes and beliefs of the inhabitants of medieval East Anglia. The book investigates the way their moral code was reflected in the procedures and punishments of the courts, and assesses the success of the legal system in maintaining authority and order. The book reveals the strong concern for order apparent in 15th-century society.

Violence and Social Order - Philippa C. Maddern - Oxford ...

This chapter discusses various aspects of violent social order found in East Anglia during the 15th century. All court statistics show allegations of non-violent crimes vastly outnumbering accusations of violence against a person. The violence of the 15th century has played an important role in many of the historical debates concerning late-medieval English politics and society. The repression of violence has been taken to be the measure of governmental success. The violence of magnates and ...

Violence and Social Order - Oxford Scholarship

Violence and Social Order: East Anglia 1422-1442 ...

'Violence and Social Orders is a thought-provoking, pioneering, and ambitious study. It

should be read by anyone interested in the institutional underpinning of development.' Avner Greif - Stanford University 'This book presents a powerful new theory of the interaction between law, politics, and the structure of power. It is sure to be influential for decades to come.'

Violence and Social Orders by Douglass C. North

Violence and the Social Order is a discussion of how institutions are at the heart of what makes societies different. One needs institutional arrangements that support enforcement of the social contract for it to be realized. If courts don't enforce the rights of the impersonal individual then law by decree is ineffective. As a result, democracy is no guarantee of open access for its citizens. The authors write well and make important points- though i think the emphasis on violence is a bit ...

Violence and Social Orders ()

This book integrates the problem of violence into a larger social science and historical framework, showing how economic and political behavior are closely linked. Most societies, which we call natural states, limit violence by political manipulation of the economy to create privilege. All societies must deal with the possibility of violence, and they do so in different ways.
